

- 1 What is Artificial Intelligence?
- 2 What are the types of AI?
- 3 What is the difference between AI, ML, and Deep Learning?
- 4 What are the applications of AI?
- 5 What is an intelligent agent?
- 6 What are sensors and actuators?
- 7 What is a rational agent?
- 8 What are the different types of intelligent agents?
- 9 What is the difference between supervised and unsupervised learning?
